UNIVERSAL

An acrylic siloxanic product for exterior and interiors. The product achieves a dead matt and soft shaded effect. The finish obtained is semi-hiding and washable. The excellent resistance to atmospheric agents makes it a wonderful finish to use in exteriors for all restoration projects. The product is formaldehyde free and low in VOCs. It bonds well with all substrates and hence can be used to enhance effects in lime and acrylic plasters also. The finish once dry is easy to maintain by cleaning it with a clean moist cloth. The product is not friendly to fragmented repair and can be easily used on movable and immovable wooden furniture.

- Quick and easy application
- Odourless
- Environmentally Green with zero VOC
- Highly customizable with respect to colours and effects
- Compatible with all paintable substrates
- Does not support fragmented repair
- Adaptable in all concepts, classical, modern or fusion.

STONE

STONE

A water based, acrylic paint for interiors and exteriors. It is easy to apply and it is the ideal finish for gypsum, lime or cement based substrates. The particular variance of its texture allows obtaining an exclusive decorative effect with matt and slightly rough areas alternating with smoother and shaded areas, which create soft two shade effects and smooth and sandy reliefs. With easy to maintain property it is suitable to be applied on movable and non movable furniture. Finishes achieved by this product are easy to repair as they support fragmented repair.

- Quick and easy application
- Odourless
- Environment friendly and low VOC
- Highly customizable with respect to colours and effects
- Compatible with all paintable substrates
- Supports fragmented repair
- Adaptable in all concepts, classical, modern or fusion.
