SEAMLESS FLOORING

Linking you to luxury!

FACHILE

FACHILE

A finely textured seamless flooring solution that caters to all styles of interiors. The finish is an effect created by a 2-component render for indoor and outdoor application with a modified acrylic top-coat, finished with a sealant, making the surface resistant to scratches. The finish is long lasting with high abrasive resistance. Perfectly stable over time, the finish is easy to maintain by use of mild domestic cleaners.

The flooring system is available in 3 variants- Matt, Gloss and Satin.

DIAMOND FINE

DIAMOND FINE

A single-component decorative plaster based on modified PU resins in aqueous emulsion, controlled grain size aggregates, ideal for decorating and re-modelling interior floors and countertops. It grants an outstanding mechanical resistance (even with low thickness), along with a good elasticity and extraordinary water resistance. It is suitable with any architectural style, modern or minimal, classic or industrial, and can be applied on interior masonry, concrete and tiled surfaces, both on horizontal and vertical surfaces. Perfectly stable over time, the finish is easy to maintain by use of mild domestic cleaners.

Diamond Fine is available in two variants- Matt and Gloss.

LISCIO

LISCIO

A fine smooth seamless flooring solution that caters to all styles of interiors. The finish is a combination of a 2-component render used with modified acrylic/ polyurethane resins in aqueous emulsion and gloss sealant. The finish is long lasting with high abrasive resistance. Perfectly stable over time, the finish is easy to maintain by use of mild domestic cleaners.

Liscio comes in two finishes- Satin and Gloss.

ULTRA

ULTRA

A professional single-component ready to use product in paste form. It is resistant to mold, algae and bacteria. Ecologically sustainable and advanced product that does not contain formaldehyde and possesses very low VOC. It is an alternative solution to traditional tiles for the covering of bathrooms, shower interiors, sauna rooms, kitchens, floors etc. It can also be used outdoors, on “walking” surfaces (balconies and terraces) where there is no rising damp, calculating the appropriate expansion joints. Perfectly stable over time, the finish is easy to maintain by use of mild domestic cleaners.

Ultra is available in Matt and Gloss variants.

MONOLITO

MONOLITO

A professional system created by using a combination of a 2-component render, with acrylic and siloxanic coverings and matt sealant. These are specially designed to create monolithic effects. The products are carefully selected to achieve a similar look as the wall to enable a wrap around. The system is ecologically sustainable and uses products that does not contain formaldehyde and possesses very low VOC. Perfectly stable over time, the finish is easy to maintain by use of mild domestic cleaners.

Monolito gives a smooth, matt finish.

FORZA

FORZA

A smooth and seamless flooring solution that caters to all styles of interiors. The finish is achieved by the use of a 2-component render with a matt/gloss sealant on top. It creates a two-tone smooth effect that symbolizes the Marmorino look. Perfectly stable over time, the finish is easy to maintain by use of mild domestic cleaners.

Forza is available in Matt and Gloss variants.
